## **Aeroguard Group Announces Security Contract Extensions at 24 Airports Across Canada**

TORONTO – April 19, 2009 – Aeroguard Group announced today that their contract to provide security screening at 24 airports across Canada has been extended through to 2011.

The contract is managed by the Canadian Air Transport Security Authority (CATSA). Aeroguard has been involved with CATSA since their inception in 2002 and the company has proved itself a valued collaborator in shaping the landscape of security screening in Canada.

“We are proud to continue contributing to Canada's national security, in the airports and the communities we serve.” said Jane Greene, Aeroguard President and CEO. “This signals to us and to our stakeholders that CATSA values our services, our partnership and the contributions we make to security screening at Canadian airports.”

### **About Aeroguard:**

Aeroguard delivers total customized and screening solutions for industries including airports contracted by CATSA, cruise lines, police services and major events. Aeroguard has over 1,800 professionals delivering screening services in 24 airports in Canada. Aeroguard is a privately owned Canadian company which has been in the security screening business for 23 years.
