Olympic security personnel being hired

Contemporary Security Canada ULC (CSC) is now hiring an estimated 5,000 security screening staff for the Vancouver 2010 Olympic and Paralympic Winter Games in Vancouver and Whistler.

CSC was selected in April 2009 by Public Works and Government Services Canada and the RCMP to provide pedestrian security screening services for the 2010 Winter Games.

“Working for Contemporary Security Canada is a great opportunity to help contribute to the success of the 2010 Olympic and Paralympic Winter Games,” said Stephen Mirabile, CSC president and CEO. “We need 5,000 dedicated and responsible women and men to help keep the athletes, officials and spectators safe so that everyone can enjoy the Games.”

Interested applicants are encouraged to visit CSC’s new Hiring Centre, located at 333 Terminal Ave., Vancouver. Applicants complete the full hiring process on-site, from interview to potential job offer.

“The launching of this unique recruiting centre is a great initiative for attracting people to fulfill the important role Contemporary Security Canada will be playing in supporting security for the 2010 Winter Games,” said assistant commissioner Bud Mercer, V2010 ISU Chief Operating Officer. The V2010 Integrated Security Unit has developed a comprehensive security plan that involves a combination of police officers, support staff, Canadian Forces and CSC’s private security personnel.

Through CSC’s extensive training program employees will gain valuable skills and experience for future job possibilities. CSC is hiring screeners, X-ray operators, communications operators, supervisors, and venue managers.
